
Vireo User Profile

The following profile can benefit institutions currently using Vireo or considering its use. This information can be used to identify institutions with similar characteristics, to identify best practices in Vireo use, and to raise awareness of potential challenges when considering new initiatives, so please provide as much information as possible. This profile will be kept on the Vireo Users Group site, and we encourage you to update it as often as necessary to maintain accuracy.

Institution

Name: Johns Hopkins University

Is this Part of a System: Yes No (if so, please note which system below)

Other: none

Web Sites

Main: <http://www.jhu.edu>

Thesis Office: <http://guides.library.jhu.edu/aecontent.php?pid=450528>

Institutional Repository: <http://jscholarship.library.jhu.edu>

Contact or Representative Information

Name: David Reynolds

Title: Manager of Scholarly Digital Initiatives/ETD Coordinator

Phone: 410-516-7220

Email: dissertations@jhu.edu

Institution Statistics

- **Enrollment**

Undergraduate:	5,066
Masters:	Not provided
PhD:	1,981 (combined masters and PhD)
Professional:	Not provided
Total:	7,047

- **Number of colleges and departments**

Colleges:	10
Departments:	86

- **Number of degree programs**

Undergraduate:	39
Masters:	57
Doctoral:	39

- **Degrees granted per year**

Undergraduate:	1,506
Masters:	unknown
Doctoral:	4,427 (combined masters and doctoral)

- **Thesis, dissertations and papers submitted per year**

Undergraduate:	unknown at this time
Masters:	unknown at this time
Doctoral:	unknown at this time
Total:	unknown at this time

Campus Infrastructure

Institutional Repository: DSpace
Student System: ISIS
Course Management: BlackBoard
Library Automation: Horizon (SirsiDynix)
Search or Discovery: Blacklight

Graduate/Thesis Office Information

Head of Office: No graduate or thesis office

Reporting Structure: Responsibility for theses and dissertations is distributed among several boards (Graduate Board, Ph.D. Board), graduate studies offices at each school, and registrar's office on each campus. The library handles all aspects of ETDs

Number of Employees: unknown

Operations: ETDs will be submitted to Vireo beginning in Fall 2013. The library manages the system and will be responsible for approving formatting of the ETDs. Notification of the graduate boards and registrars offices is yet to be determined.

IT Environment: Vireo and our DSpace repository is supported by the library. Administration is provided by the Department of Scholarly Resources and Special Collections and some technical support is provided by the Library Systems Office

Training: Do you offer training to students: Yes No
If yes, please describe: We offer screen casts of the submission system and plan to offer brief workshops at least once each month during the academic year.

Vireo Information

Version: 2.0.4

Hosted by: TDL Local IT

Number of ETDs in System: 0 for now

Embargoed: n/a

Collection Information: Only doctoral dissertations and masters theses for now.

Stage of Implementation: Vireo is deployed in a test environment. We plan to run an optional pilot during summer 2013 with mandatory ETD submission beginning September 1, 2013.

Interaction or Links to Other Campus Systems

Student System: n/a so far

Library: We will generate MARC records from DSpace and load them into library system. Cataloging Department may do some metadata remediation.

Operations: We plan to export to ProQuest. Eventually we want to interact with other campus systems, but that will be phase 2.

Current Initiatives

- Just implementing the ETD program will be huge!
- We are planning lots of training opportunities and meeting with lots of student and administrative groups
- We will offer embargo periods of up to four years with no permission needed. Student will be able to request an embargo extension from their graduate studies office.

Current Challenges

- Unfamiliarity
- Using campus directory to authenticate students
- No time to develop data interchange with student records system.
